**KRAIG BUTHY AND JILL HANLON JOIN  
THE MARK WENTWORTH HOME'S BUSINESS OFFICE**

The Mark Wentworth Home is happy to announce that Kraig Buthy, Controller, has joined the Home's Business Office. As the Home's Controller he will direct, maintain and control an accounting system that properly reflects the financial position of the Home. Kraig had previously been serving as the Home's Controller on an interim basis; and the Home's Board of Trustees elected to hire Kraig full-time just after the holidays.

Kraig brings a wealth of financial management expertise to the Home. He has previously been employed with Rynel, a medical products manufacturing company, as its CFO; and The First, a publicly traded bank with headquarters in Maine, where he served as VP/Controller.

Also joining the Home's Business Office is Jill Hanlon, Human Resources Manager. Jill has been consulting with the Home since early 2009 on human resource practices. Her current role as full time HR Manager aims to position the Home as the employer of choice in 2010 and beyond. Jill's previous experience with J. Gaudette Associates, a Human Resource Management company, is an asset to the Home's staff and will bolster the Home's efforts to attract and retain highly qualified and well matched staff for all areas of the Home's operations. The Board of Trustees welcomes both Kraig and Jill to the Mark Wentworth Home's Business Office team.

The Mark Wentworth Home is a non-profit assisted living and nursing home community located in an historic Portsmouth estate on Pleasant Street. The Home has been serving Seacoast seniors since 1911 by providing a culture of successful aging and personalized services for its residents.
